PROFILE

As a former anthropologist, I situate my work at the intersection of communication and culture. My designs are driven by how I can best create a digital experience that speaks an engaging, interactive language to your audience.

WORK EXPERIENCE

- 2023 Present** ● **Accessibility Developer** | Virginia Tech Office for Equity and Accessibility
Provide guidance and training to campus units in designing accessible content and fostering a community of developers and content creators committed to best practice and inclusivity. Remediate accessibility issues and provide professional development opportunities to guide proactive accessible design. Collaboratively audit and assess electronic and information technology for compliance with accessibility conformance standards.
- 2019 2023** ● **Web Manager** | Virginia Tech College of Agriculture and Life Sciences
Responsible for web content, design, and development for the College of Agriculture, the Virginia Agricultural Experiment Station, 11 Agricultural Research and Extension Centers, and Virginia Cooperative Extension with 107 local offices.
- 2016 2019** ● **Webmaster** | Virginia Tech Center for Power Electronics Systems
Completed ground-up design, development, and maintenance of the CPES intranet and Annual Conference websites. Responsible for ongoing development and maintenance of the CPES front-facing website, including a document library of over 30,000 publications with varying access levels, and permissions for nearly 4,000 users
- 2016 2014** ● **Electronic Communications Manager** | Anchorage School District
Responsible for the internal and external online presence of one of the largest school districts in the United States, including the website, intranet, and email marketing.
